Sinopsis

ISBN: 0596005059

.NET Framework Essentials also provides a handy reference to the most commonly used features of .NET Framework. Written by two veteran web applications developers, .NET Framework Essentials, 3rd Edition is one of the most complete, concise, and ultimately useful books to describe the breadth of technology represented by .NET. Compact and free of fluff or proprietary hype, .NET Framework Essentials is an outstanding value for experienced programmers and architects who need to get up to speed quickly.
