Sinopsis

ISBN: 9780750649025

"The authors have succeeded in creating an impressively well-structured, comprehensive exploration of the field of knowledge management. Each topic is examined with a common-sense approach, and the book never loses sight of the issues that really matter to organizations. Knowledge Management - a blueprint for delivery promises to be of enormous value to anyone interested in KM."

Simon Lelic, Editor, Knowledge Management magazine

"This is a 'must read' book for any manager in any industry today. . The approach to implementing KM and building a learning organization outlined by the authors is underpinned by major concepts that cannot be ignored by businesses that want to survive and thrive in the 21st century."

Prof Brian Lehaney, School of Mathematical and Information Sciences, Coventry University
