"Unleashing Intellectual Capital is a daring and provocative book. Ehin opens our minds and demonstrates how our inherent genetic tendencies can be leveraged for competitive advantage. This book provides the reader with new and useful ammunition in which to operate in the new millennium." ¾John W. Patten, President Emeritus, Business Week

"Unleashing Intellectual Capital is so well written that it is a delightful treat in management books. As for me, who has spent my life on similar issues, I bow to Dr. Ehin." -Frederick Herzberg, Cummins Engine, Distinguished Professor Emeritus

"Dr. Ehin is the rarest of business authors: the subject expert whose writing is clear, focused and actionable. Unleashing Intellectual Capital is a must-read for tomorrow's business winners." ¾David Stauffer, President, Stauffer Bury, Inc.
