For the growing number of people looking to embrace an eco-friendly lifestyle without sacrificing high style, ecoDesign now fully revised and updated is the ultimate one-stop shopping resource. The latest edition of this definitive sourcebook includes up-to-the-minute listings for more than seven hundred consumer products from clothing to kitchenware, electronics to furniture that have a minimal impact on the earth while remaining useful and beautiful. This remarkable compendium also directs readers to little known gems and handcrafted objects from artisanal studios. Detailed, illustrated entries describe the products, while an extensive reference section defines new and hybrid materials and provides information on manufacturers, design studios, and green organizations. ecoDesign remains the total resource guide for the new generation of contemporary design.
