The fully updated Adobe Creative Suite 2 Premium software (which includes Photoshop, Illustrator, InDesign, GoLive, and Acrobat) is a unified design environment. The Creative Suite 2 enables you to realize your ideas anywhere-in print, on the Web, or on mobile devices, and this info-packed guide lets users get right down to doing just that by focusing on the Creative Suite 2 features they're most likely to use and showcasing each in a stand-alone tip--complete with a relevant hint or two and a graphic example. In this fashion, readers learn just what they need to know, exploring the programs in a way that makes sense to them.
