Sinopsis

ISBN: 9780871700216

Casting, molding, and coremaking practices are discussed in a series of articles covering basic steps and equipment associated with each process, along with their advantages, limitations, and applications. Sand casting is covered in detail, as are investment casting, plaster and ceramic molding, permanent mold casting, die casting, centrifugal casting, and continuous casting. Includes 300 illustrations and 335 tables.
