_ Meryl K. Evans, meryl.net & Slashdot Contributor

...an entertaining read with a number of enlightening insights into what I do for a living...

_ Thomas Duff, Duffbert's Random Musings

The whole book is fantastic though, and you should absolutely pick it up...in dead tree form.

_ Garrett Rooney, Software Engineer and Author

This is a book worth checking out, even if you're not a software developer.

_ David Bindel, Tea Total

Frustrated by the lack of well-written essays on software engineering, Joel Spolsky (of www.joelonsoftware.com fame) has put together a collection of his favorite writings on the topic.

With a nod to both the serious and funny sides of technical writing, The Best Software Writing I: Selected and Introduced by Joel Spolsky is an entertaining read and a guide to the technical writing literati.
