Sinopsis

ISBN: 9783822816585

This text features charming and romantic country kitchens that can be found throughout Europe and America. Based on the concept that the kitchen is the centre of the home and family, this book contains a wealth of ideas on how to decorate and cook like our ancestors did. Photographs show examples of classic kitchens, furniture and kitchenware, all accompanied by a list of shops where readers can find the items displayed.
