Sinopsis

ISBN: 9780393926385

Macroeconomics is the most exciting new economics textbook in a generation. Charles Jones distills modern macroeconomics as it is currently practiced producing the first text to cover modern growth theory at the undergraduate level. The author's unique abilities as a teacher and writer render this modern treatment of economic theory an easy read for students new to the field. Together with a distinctive focus on problem solving, this clearly written text brilliantly matches accessibility with cutting-edge theory.
