Sinopsis

ISBN: 9780618639489

This brief text offers basic coverage of grammar and punctuation through a unique focus on sentence diagramming that enables students to visualize and understand how words connect. Grammar to Go can serve as a basal text or as a supplement for courses with an emphasis on learning basic grammar and punctuation skills. In response to reviewer feedback, the Second Edition offers a wide range of new material to help students hone their skills--including more coverage of word choices, new writing exercises in every chapter, answers in the back for selected exercises, updated sample sentences that make them more relevant to students level of grammar sophistication, and a guide to diagramming in the Instructor's Manual.
