Quick, comprehensive writing guidance at a low cost--the At a Glance series can be paired with any developmental title or used independently. This flexible series includes a separate textbook for sentences, paragraphs, essays, and a reader. Each book features clear, concise instruction reinforced by extensive practice, exercises, and examples. At a Glance: Readings features thirty paired readings covering different patterns of writing, including definition, compare and contrast, and cause and effect. Useful tools include guide questions for discussion and critical thinking, suggested topics for writing in response to individual reading selections and thematic groups, and a discussion of the writing process, including a student writing demonstration.
