Sinopsis

ISBN: 9780471395409

In one beautifully illustrated volume, The Professional Practice of Architectural Working Drawings presents the full range of skills, concepts, principles, and applications needed to create a full set of architectural working drawings. This new Third Edition emphasizes the importance of communicating general design concepts through specific working drawings. Chapters proceed logically through each stage of development, beginning with site and foundation plans and progressing to elevations, building sections, and other drawings.
