A sequel to the best-selling Broken Windows, Burning New York is sure to please an eager audience clamoring for more. New York is the undisputed graffiti capital of the world, the epicenter of a vibrant international scene that attracts artists from all over the globe. Some make the pilgrimage to study old school forms, others to make their own individual contribution to the evolution of the craft. All leave their mark. Burning New York features the latest and most exciting graffiti art being created today. In the same vein as Broken Windows it is a collection of interviews, intimate portraits of the artists working in the streets and hundreds of stunning large scale paintings. Burning New York features contemporary works by genre defying graffiti writers, an interesting combination of those who are just beginning to achieve prominence and others who have been honing their skills for decades.
