Sinopsis

ISBN: 9780486436388

London-born architect Bossom's detailed sketches and commentary, and his wife's fine photographs, were published in 1924 in this handsome book _ which also includes 18th-century missions in California and San Antonio. Tiled facades, quiet courtyards, and other architectural elements are graphically preserved in this valuable record of classic Latin American architecture. 110 illustrations.
