**ISBN:** 9788173195235

Green Chemistry discusses the engineering concept of pollution prevention and zero waste both at laboratory and industrial scale. It encourages the use of economical and eco-friendly benign techniques which not only improves the yield but also brings down the cost of disposal of waste at the end of a chemical process

#### Table of Contents

Foreword / Preface / List of contributors / INTRODUCTION TO GREEN CHEMISTRY: The need for green chemistry-R. Sanghi / Green chemistry-Innovations for a cleaner world-S. Srivastava & M M Srivastava / Introduction, inception and evolution of green chemistry- R. Sanghi / AN ALTERNATE APPROACH TO SOLVENT CHEMISTRY: Exploring solvent free reactions-J. L Scott / A new tool for green chemistry: Solvent free microwave assisted organic synthesis-A. Loupy / Non traditional greener alternatives to synthetic organic transformations using microwaves-R. S. Varma / Ionic Liquids: Prospects and retrospect-M.J. Earle et al. / Supercritical fluid extraction: A cleaner technology option for the industry-S. Sahu / ENVIRONMENT FRIENDLY GREEN TECHNIQUES: Supported catalysis and reagents for green chemistry-E. B.Mubofu / Environmentally friendly synthesis and reactions of a,b unsaturated nitroalkenes-D. Amantani et. al. / Heterogenised reactions for green chemistry-J.S. Yadav et al / Trace element speciation by hyphenated techniques: A double impact for green chemistry-K. Wrobel et. al. / ALTERNATIVE TREATMENT TECHNOLOGIES: Oxidation technology at ambient conditions for wastewater treatment-A B Pandit & P R Gogate / A critical review on remediation technologies of textile effluents-P. Nigam et al / STEP CHANGE BIO-TECHNOLOGY FOR EXPLOITING GREEN CHEMISTRY: Green chemicals: Prospects and future in designing new drugs-G. Strobel & S. Saxena / Green Chemistry using biocatalytic reactions-A. Pandey et. al. / Designing next generation agrochemicals from nature-S. Saxena / MORE ABOUT GREEN CHEMISTRY: Green Chemistry awards / Books on green chemistry / Important websites / Biographic sketches of authors.
