**Sinopsis**

**ISBN:** 9789812818577

The book is not speculation, but rather a collection of provable information based on verifiable facts which readers are encouraged to research for themselves so as to make an informed decision on how these facts will affect the future of mankind. The book covers the future of the human race, not just the decline of non-renewable resources such as oil and gas. It is designed to make people think out of the box rather than merely accept the results as they happen.

**Contents:**

An Introduction  
The Making of the Majors  
The Growth of Population  
Who Is to Blame?  
We Can't Have It All  
The Alternatives Available  
Using What We Have  
Not Everyone Agrees  
It Still Exists, The Question Is Cost  
Time to Listen, Not Talk  
Is It All Over?  
Only Time Will Tell
