All the ONT 642-845 commands in one compact, portable resource

Preparing for the CCNP® certification? Working as a network professional? Here are all the CCNP-level commands for the ONT exam you need in one condensed, portable resource. The CCNP ONT Portable Command Guide is filled with valuable, easy-to-access information and is portable enough for use whether you're in the server room or the equipment closet.

This book will help you memorize commands and concepts as you work to pass the CCNP ONT exam (642-845). The guide summarizes all CCNP certification-level Cisco IOS® Software commands, keywords, command arguments, and associated prompts, providing you with tips and examples of how to apply the commands to real-world scenarios. Sample configurations throughout the book provide you with a better understanding of how these commands are used in simple network designs.
