The Penguin handbooks have helped over ½ million students improve their writing, solve grammar problems and successfully complete their research projects. Here's what students are saying.

With its easy-to-use format, clear explanations, helpful examples, and engaging visuals, The Penguin Handbook is sure to help you get better grades, too.

"The Penguin Handbook is a great resource; it is the difference between an F or an A. I went from failing grades in the course to A's."

-- Heath Gattis, Texas State University

"Overall the book was extremely helpful. It is the only book that I have not sold or returned and I have continued to use it in all of my classes that require writing."

--Camie Wood, Lower Columbia College

"I recommend buying this book, even if you are not required. The book will help you when writing any paper. It was helpful in my composition class and my other classes." -- Brianna Flanagan, Del Mar College

"This handbook has everything that you could ever want to know in it. I would recommend it to other students because it is a lifesaver. The MLA, grammar, and punctuation sections were especially useful." -- Kim Basara, Iowa State University

"The Penguin Handbook is very helpful-straightforward and to-the-point. It's really easy to find the information you need." _ Nora Soto, Caldwell Community College

"I enjoyed the layout of the book. It is highly informative and I believe every college student should have one available."

Amanda Schorel, University of South Florida

"It is very colorful and not bland like other handbooks. The examples were thorough and helped me a lot when seeing which way I should cite my sources. I know it will be of great use to me in the future."
