Sinopsis

ISBN: 9780415436151

This collection of essays introduces pragmatism to the study of international relations and evaluates its potential for the theory and practice of global politics.

Seeking to reorient the discipline of International Relations (IR) towards practices and problematic situations, the editors of this volume draw on the pragmatist tradition to provide critical inspiration for this task. Their book, organised into four distinct parts, aims to outline the potential of pragmatism to reconstruct IR. Through such an approach this volume seeks to re-invigorate the discipline and bridge the gap between IR academic communities in the US, UK, and continental Europe. This pioneering volume provides:

the first book-length evaluation of the potential pragmatism holds for the practice as well as the epistemological, theoretical and normative debates within the discipline of IR

theoretical reflections and empirical studies in the area of diplomacy, international law, public (environmental) policy and the Arab-Israeli conflict

highly original contributions by prominent scholars in the field of IR, International Law, Sociology and Social Theory

Drawing on research from several disciplines, Pragmatism in International Relations will be vital reading for students and scholars of International Relations, International Relations Theory, and Social Theory.
