Comprehensive integration of the fundamental auditing concepts.

Auditing and Assurance Services: An Integrated Approach presents an integrated concepts approach that shows students the auditing process from start to finish. This text prepares students for real-world audit decision making by using illustrative examples of key audit decisions, with an emphasis on audit planning, risk assessment processes and collecting and evaluating evidence in response to risks.

This edition maintains its dedication to providing the most up-to-date information on new auditing standards and includes international coverage as well as coverage of PCAOB Auditing Standard No. 5.
