Sinopsis

ISBN: 9781847194541

All material in the book will be worked through by example, building up a sample application. It is intended to be read through in sequence, though once complete, should serve as a suitable reference for certain cases that can be referred to directly. This book is for Java developers who want to get started with Apache Maven. If you are tasked with build automation in your company, this book will help you to quickly and easily get started with Maven in order to improve the efficiency of your builds.
