Cat's Cradle is Kurt Vonnegut's satirical commentary on modern man and his madness. An apocalyptic tale of this planet's ultimate fate, it features a midget as the protagonist, a complete, original theology created by a calypso singer, and a vision of the future that is at once blackly fatalistic and hilariously funny. A book that left an indelible mark on an entire generation of readers, Cat's Cradle is one of the twentieth century's most important works_and Vonnegut at his very best.
