Sinopsis

ISBN: 9781844076161

Sustainability is now the greatest business imperative, yet how do you actually develop and implement a sustainability plan if you aren't an expert? From the authors of the award-winning handbook *The Business Guide to Sustainability* comes this highly practical guide to designing and implementing a customized sustainability plan in any business, organization or government department of any type and scale. This step-by-step guide explains how to create a sustainability plan and sustainability report. Each chapter has two vital sections. The first contains background reading, tips and case examples to help you be successful. The second presents a set of methods each with step-by-step instructions and a selection matrix to help choose the best methods. The book also contains sample worksheets and exercise materials that can be copied for organization-wide use.
