Best selling author Aimee Friedman is back, with her signature combination of warmth and humor. And with this book, she adds a touch of fantasy....

16-year-old Miranda Merchant is great at science...and not so great with boys. After major drama with her boyfriend and (now ex) best friend, she's happy to spend the summer on small, mysterious Selkie Island, helping her mother sort out her late grandmother's estate.

There, Miranda finds new friends and an island with a mysterious, mystical history, presenting her with facts her logical, scientific mind can't make sense of. She also meets Leo, who challenges everything she thought she knew about boys, friendship...and reality.
