Sinopsis

ISBN: 9789814405850

This book will introduce the history and practices of mathematics education in Korea. How it has been influenced from Japan, America, and other countries, and has developed into the unique Korean style of mathematics education. The editors have planned to include most of the topics researchers outside Korea want to know mathematics education in Korea.

Readership: Researchers, educators, lecturers, and graduate students in mathematics and education
