Sinopsis

ISBN: 9780262531078

Jonathan Crary's Techniques of the Observer provides a dramatically new perspective on the visual culture of the nineteenth century, reassessing problems of both visual modernism and social modernity. This analysis of the historical formation of the observer is a compelling account of the prehistory of the society of the spectacle."Jonathan Crary is Assistant Professor of Art History at Columbia University. He is a founding editor of Zone and Zone Books.
