Sinopsis

ISBN: 9780300140682

Weber presents a balanced and thorough history of Spanish exploration and settlement from Ponce de Leon's landing in 1513 to the end of Spain's North American empire in 1821. Most of the book is devoted to Spain's political and military activities in North America. One chapter traces the social history of Spaniards in the New World while the last chapter explores history's verdict of Spain's treatment of colonists and Indians. Illustrations, including photographs and line drawings, add little to the text, but the numerous maps are useful. There are extensive footnotes and a comprehensive bibliography. Recommended for academic libraries or public libraries with large American history collections. Index not seen.

- Grant A. Fredericksen, Illinois Prairie Dist . P.L., Metamora
